Chapter 1: Mid-Career Training Programme for IRS Officers -Background

- 1.1. The Mid-Career Training Programme (MCTP) for Indian Revenue Service Officers (IRS-IT) was conceived on the directions of the then Finance Minister and it was approved in June 2010. The concept of MCTP originated in the recommendations on reforms for Civil Services. It is based on the belief that for the effective discharge of functions, the officers in the Civil Services at the senior level need to have an overall managerial/ leadership perspective with exposure to global best practices.
- 1.2. The MCTP has been envisaged to achieve the specific purpose of helping officers acquire the requisite knowledge, skills and attitudinal competencies to bring about timely and effective changes in tax administration to ensure the prevalence of a transparent, efficient, non- intrusive and non-adversarial direct taxation regime. The objective of the MCTP is to enhance/ upgrade the competency of the officers to the global standards and to develop subject experts in specialized fields such as International Taxation, Transfer Pricing, Capital Markets & Taxation, Tax Administration and Tax Payer Services, Investigation & Use of Information Technology, Forensic data analysis, Forensic audit, Revenue Forecasting under the broader ambit of Tax Policy and economic development. It is also expected to help build the capacities of the officers to become skilful managers and equip them for the leadership roles.
- 1.3. The MCTP has three phases viz. Phases I, II and III for IRS officers who have put in 7-9, 14-16 and 26-28 years of service, respectively. The objective of the MCTP is to equip officers to handle the higher level of responsibilities at certain identified stages of their careers as they progress.
- 1.4. The Directorate of Training has been mandated the responsibility of planning and implementing the various phases of the MCTP. The duration of the course is 2 to 4 weeks depending on the Phase. The duration **and indicative participation for these training courses is as under:**

MCTP Phase I	Per batch four weeks domestic	Five batches of 50 officers each
MCTP Phase II	Per batch three weeks domestic	Five batches of 30 officers each
MCTP Phase III	Per batch two weeks domestic	Two batches of 30 officers each

Chapter 2: Phase III of Mid-Career Training Programme

- 2.1. The MCTP Phase III Programme marks the last, albeit, an important milestone in the continuum of the various phases of the MCT Programme. It is expected to prepare IRS officers for assuming the highest levels of responsibility in their respective careers to the process of inter-sectorial policy formulation and wider implementation across the zones and country. IRS officers at around 26-28 years of seniority are to be nominated to the programme. Generally, IRS officers undergo the programme prior to their assuming the charge of Principal Commissioners of Income Tax.
- 2.2. The newly promoted officers are now placed at one of the highest levels of hierarchy and charged with leading the Department beyond new frontiers in tune with the times. A fundamental understanding of the relevance of Direct Taxes in a growing economy, the strengths and shortcomings of the prevailing system needs to be synthesized with Human Resource Management and strategic leadership for effecting any meaningful systemic reforms. The MCTP Phase III is expected to allow such a platform for conceptual and practical deliberations, especially in light of international experiences and best practices. The themes expected to be reflected upon are Leadership and Change management, Public Finance, Tax Policy & Reforms, Operational Excellence, Capital Markets & Taxation, Informational Technology and Strategic Leadership, Behavioural competencies like the science of happiness, strategic view of thinking, personal leadership, negotiation skills, communication skills etc. and Functional competencies like National Security, Preventive Vigilance, Social media management, Modern Public Management etc.
- 2.3. The learning objectives provide that at the end of the course, the officers will be able to
 - To facilitate a critical understanding of major global trends impacting Direct tax Administration
 - To provide exposure to relevant experiences of developed and developing countries in strategic management in Direct Tax Administration
 - Develop a wider global and national perspective in order to formulate strategies to meet future challenges
 - Understand the importance of inter-sectorial policy design and implementation
 - Provide effective leadership in their work environment
 - Envisioning and preparing for change
 - Reinforce service networks essential for policy formulation and implementation

- 2.4. The broad pedagogical approach is to blend academic instruction with relevant governance experience, both national and international to situate the concepts being discussed in appropriate context. A discussion on relevant case studies and group work has been found to be very effective. The partner Institution is expected to draw upon a pool of international and national subject experts, eminent and successful practitioners as well as its own internal faculty to deliver the programme. The module would entail around 25 - 30 hours of classroom instruction per week. The 25-30 hours of classroom sessions per week does not include industrial visits and industry speaker sessions. The classroom session would only include the sessions conducted at the institute premises.
- 2.5. The MCTP Phase III Programme is proposed to be organized at the campus of the Partner Institution/ or a suitable venue arranged by the partner institution in consultation with Directorate of Training, during a mutually convenient time slot. The programme will entail two weeks of training at the mutually decided venue. The exact dates of the training will be decided by the Directorate of Training in consultation with the partner institution. 4.5.4 The proposals as evaluated by the Tender Evaluation Committee will be placed before the Competent Authority for final selection of the Partner Institution.

4.5.5 Evaluation Matrix:

4.5.5.1 TECHNICAL EVALUATION

- i. **Ranking of Institution:** As outlined in Chapter 3, the bidding institution must either be in the top 10 management institutions as per the latest NIRF rankings or ranked within the top 100 globally as per the latest Financial Times MBA ranking (FT ranking) or QS Global MBA Ranking (QS ranking). The evaluation under this parameter will be based on all these three reputed rankings. The percentile scores will be calculated out of 100 for NIRF, FT and QS rankings based on the formula given in the para below. Then a 50:50 weighted average of national (NIRF) and two internationally recognized rankings (FT and QS) will be calculated i.e. NIRF ranking will carry 50% weight, while FT and QS rankings will carry 25% weight each. After computing the weighted score out of 100, it will be scaled down to a maximum of 30 marks, which is the assigned weightage for the ranking parameter.

The score will be calculated using the following formula:

- Percentile Score for NIRF $= [1 - ((\text{Rank} - 1) / 10)] \times 100$
- Percentile Score for FT $= [1 - ((\text{Rank} - 1) / 100)] \times 100$
- Percentile Score for QS $= [1 - ((\text{Rank} - 1) / 100)] \times 100$
- Total ranking score out of 100 $= (\text{NIRF Percentile} \times 0.50) + (\text{FT Percentile} \times 0.25) + (\text{QS Percentile} \times 0.25)$
- Total Ranking score out of 30 $= 0.30 \times \text{Score out of 100}$

Institutions that are ranked in the top 10 of NIRF but are not listed in the top 100 of either the FT or QS rankings, or those ranked between 101-500 in QS rankings, will be assigned a global ranking of 100 for the purpose of calculating the overall ranking score. Further, if an institution does not participate in the NIRF ranking but is ranked within the top 100 in either the FT or QS rankings, only its global ranking will be considered when calculating the ranking score i.e 50% weightage will be given to FT ranking and 50% weightage will be given to QS ranking for calculating the final score.

Illustration: Assuming that two bids have been received as under

Bidder	NIRF Rank	FT Rank	QS Rank
A	1	25	23
B	2	31	33

For institution A:

- **NIRF Percentile** = $[1 - ((1-1)/10)] \times 100 = 100$
- **FT Percentile** = $[1 - ((25-1)/100)] \times 100 = 76$
- **QS Percentile** = $[1 - ((23-1)/100)] \times 100 = 78$

$$\text{Score out of 100} = (100 \times 0.50) + (76 \times 0.25) + (78 \times 0.25) = 89$$

$$\text{Final score out of 30} = \underline{\underline{26.6}}$$

For institution B:

- **NIRF Percentile** = $[1 - ((2-1)/10)] \times 100 = 90$
- **FT Percentile** = $[1 - ((31-1)/100)] \times 100 = 70$
- **QS Percentile** = $[1 - ((33-1)/100)] \times 100 = 68$

$$\text{Score out of 100} = (90 \times 0.50) + (70 \times 0.25) + (68 \times 0.25) = 80$$

$$\text{Final score out of 30} = \underline{\underline{23.9}}$$

- ii. **Experience** in delivering similar Training programmes for civil servants the Group A services of Central Government and the 3 All India Services over the last 5 years i.e. F.Y. 2020-21 to F.Y. 2024-25. Bidding institutions must provide details of these training programs, including the total number of training days for each program. The evaluation will be based on the cumulative number of training days instead of the number of individual training programs.

Illustration: Assuming that three bids have been received as under

Bidder	Number of days of training programmes in last 5 years
A	200
B	120
C	80

Computation of scores: The bidder having conducted the maximum number of trainings program days will be awarded 100 and other bidders will be allocated marks in proportion to the number of days conducted by them as calculated here under.

For A:

Score for no of programmes = $200/200 = 100\%$

Final score out of 20= $0.20 \times 100 = 20$

For B:

Score for no of programmes = $120/200 = 60\%$

Final score out of 20= $0.20 \times 60 = 12$

For C:

Score for no of programmes = $80/200 = 40\%$

Final score out of 20= $0.20 \times 40 = 8$

- iii. **Programme Design and facilities:** Marks will be awarded out of 30 based on relevance of course content, innovative teaching methods, distribution of topics in the timetable, approach used for designing the training schedule, competence of faculty, expertise of the training design team, quality of accommodation, and overall facilities that contribute to the training environment. The members of the TEC will individually award marks out of 30 for the overall program design and facilities. The numerical average of the marks awarded by the members of TEC will be taken as the final marks for the purpose of evaluation of the bid as per the table in 4.5.3.

4.5.5.2 **FINANCIAL EVALUATION:** Financial Evaluation of Technically qualified bidders is illustrated as under:

Illustration: Assuming that three bids have been received as under (total amount per batch) –

A - 80 Lakhs
B - 60 Lakhs
C - 95 Lakhs

Computation of scores: The bidder having the lowest financial bid will be awarded 100 marks. The other bidders will be allocated normalized marks in proportion to the difference in the financial bids submitted by them as

calculated hereunder.

$$\text{Score} = (\text{Lowest Financial Bid} / \text{Financial Bid}) \times 100$$

Here Lowest Financial Bid = 60 Lakhs

	Score out of 100	Score of 20 (weightage of Financial Proposal)
A	$(60/80) \times 100 = 75$	15
B	$(60/60) \times 100 = 100$	20
C	$(60/95) \times 100 = 63.15$	12.63

Total Score: The total score of a bidder will be calculated by adding the scores in **technical parameters (out of 80, as explained in para 4.5.3)** and in **financial proposal (out of 20, as explained in 4.5.5.2)**. The bidder scoring the highest total marks (Sum of marks of Technical and Financial proposal) will be H1 bidder.

- 4.5.6 Notwithstanding the process of evaluation enunciated in the foregoing paragraphs, the Directorate of Training, CBDT reserves the right to seek further clarification from any or all participating institutions. **The Directorate of Training, CBDT may require some changes to be carried out in the content, design and delivery of the module as proposed by the bidder.** The Directorate of Training, CBDT reserves the right to reject any proposal at any time without informing the participating institution or assigning any reason.
- 4.6 **Agreement period** - Upon satisfactory delivery of the module during first year, the agreement with the selected Institution may be extended for future two years with a cost escalation of 3 per cent of the recurring cost for each year in succeeding years. The Directorate of Training CBDT reserves the right to determine satisfactory delivery of the module. The extension would be subject to the existing contract which may be modified suitably by mutual agreement. The selected Institution would, in such case, make suitable modifications to the design and conduct of the module based on the feedback received from the participants and the Directorate of Training, CBDT.
- 4.7 **Satisfactory Delivery:** A programme will be deemed to have been delivered satisfactorily when the overall score in the feedback form, designed by Directorate of Training, is more than 75%.
